

MELONBALL

Fast, technical and politically-charged punk rock with sharp riffs, detailed and intense drum work, and strong melodies – all driven by an unmistakable voice of the lead singer.

Since forming in 2021, MELONBALL have carved out a solid place in the international punk scene. With appearances at festivals like Ruhrpott Rodeo, Manchester Punk Festival, Mighty Sounds, Mission Ready, Punk Rock Holiday, and Music 4 Cancer, they've become known for their tight live performances and high-energy shows. Along the way, they've shared stages with scene staples such as Lagwagon, A Wilhelm Scream, Authority Zero, Belvedere, ZSK, Punk Rock Factory, and The Iron Roses.

Their tour history with around 40 show per year reflects a steady presence on stages throughout Europe and beyond. After a UK tour in 2023 and a ten-date run through Eastern Canada in 2024, MELONBALL are back on the road for a four-show run with Satanic Surfers in November 2025.

Their debut album BREATHE was released in March 2023 via Thousand Islands Records (USA/CAN) and Lockjaw Records (UK), followed by the acoustic EP eup•nea in April 2024. Their long-awaited second full-length will be released early 2026 via Thousand Islands Records (CAN) and Rookie Records (GER).
